

# Yuval Mazor for JLC

running with Rachelle Lang

As Jewish Life Commissioners, we will include all students no matter what their experiences are with Judaism, providing them with a basic understanding of Jewish concepts and values while also diving deeper into more complex topics.

## Accomplishments

- Part of the 2020 Moot Beit Din team
- An active member of JLC
- Competitive gymnastics
- Led Kabshab when the Juniors were in Israel

**We will ensure that each member of the Kehillah community will have opportunities to participate in Jewish life.**

- At KabShabs students will share out interesting things they learned or are working on!
- Sign-ups to participate in games and give D'var Torahs during KabShab at the start of the year, giving everyone the chance to be involved

**We will engage more closely with the Jewish community around us through:**

- Inviting guest rabbis and speakers to KabShab
- A community Kabshab with seniors from Moldaw or preschoolers from the JCC

**We will plan many fun and engaging activities and start new traditions!**

- Activities that highlight connections between members of the community, like a Hanukkah activity where students light candles with someone who brings joy to their life
- Class competitions for decorating the school for holidays

**But of course, we will be continuing existing traditions!**

- Fancy KabShab with the traditional prayers, food, and customs
- A challah bake and henna event after school

Don't forget, there will be food.
