

Noa Yaniv for Communications Commissioner!

Qualifications:

- Counselor for the Israeli Scouts (2019- present)
- WEB Leader throughout middle school: working on welcoming new students into the school and making them feel comfortable in a new school environment.
- Volunteering work at SF Food bank
- Volunteering every week at dog shelter (2017-2020)

My vision: I believe communication is one of the key things that keeps a school running. I hope to find creative ways to remind everyone of fun events at Kehillah, such as spirit week. For example, fun videos from student government for the days leading up to Spirit Week! I would send special schedules as early as possible to the students and continue the raminders system. I will also bring back the bulletin board at school filled with pictures of students' travels and so much more! I hope you'll let me give YOU an amazing school year!
