

SENIOR OVERNIGHT:

Butano Creek and COVID safety

When at Butano Creek in Pescadero, CA, we are planning to spend as much time outside as possible (including offering the opportunity to eat meals outdoors).

The large tent-style cabins will be at maximum 50 percent capacity- i.e. a maximum of 15 students in each. For more information on and pictures of the Butano Creek facilities, see <http://www.campbutanocreek.org/facility.html>

If you feel uncomfortable with having your child stay (unmasked) in the cabins overnight, please let us know. We want to enable all seniors to partake in this storied tradition.

It goes without saying that policies in effect at Kehillah Jewish HS will also be in effect at the Butano Creek camp site.

At the camp site, activities that can take place outdoors will take place outdoors; in such a way, students will get to take advantage of the beautiful physical grounds- and spend time with one another in nature in a health-conscious manner.

We are so excited for our seniors to have this culminating, capstone experience together!

Go Class of '23!
